

# My entertainment is *drawing* special attention to your guests!

Let me sketch Caricatures  
at your next Special Event.

## Your guests will love being the *Stars* of your party!

Party sketching can jump-start the people-mixing activities. It's fascinating to watch and treasured as a souvenir gift! Sketches include guests' favorite sport, hobby themes... or "love-sketch" themes for couples.

## I can sketch an *amazing* likeness in 5 minutes.

Sketches are carefully drawn and include funny-upbeat humor, pert likenesses and clever captions.

## It's the perfect party entertainment...

because it *breaks the ice*, creates an *upbeat* mood and it is *fun* to watch as it is to receive!

Invite me to your Office Parties,  
Conventions, Graduation Parties,  
Weddings & Company Picnics.

Sketch equipment is completely portable for roving around casual standup parties or formal sit-down events.

Even the "40 plus age" kids love getting caricatures! Invite me to sketch at your next Trade Show or Sales Incentive Event!

Sketches are 8" by 10" and are packaged flat in plastic bags for safe transport.

I can sketch 2 guests together with special friendship themes.
